Subject: Thank you for Renewing your Community's Active Firewise Status

Dear Firewise Community Leader:

On behalf of the Firewise Program, I want to thank you for your recent 2015 community renewal and give a special thanks to those who completed the renewal online at Firewise.org/Login.

Your community is now in good standing and will be asked to renew again in 2016.

In early January, we will mail you two stickers highlighting "2016" for display on your Firewise Community signs. These stickers are sent on the honor system that you will renew your active status in 2016, like you did in 2015.

If you hold an annual event early in the year like a spring cleaning, you can go online and renew immediately.

If your Firewise Community will achieve five or ten year anniversary status in 2016, you will be receiving additional information from us in January about recognition items and their mailing.

We appreciate all that you do to keep your community safer from wildfire.

Regards,

The Firewise Team
