# June 1, 2024 POA Special Owners and Regular Meeting minutes Metro Operations Center 9:00 am

POA Board of Directors Present: Rick Kinder, Carlin Craig, Bill Nielsen, Mark Thomas, Ken

Dixon, Scott Tollefson, Carol Smith **Absent:** Bob L. Scott, Bill Latham

**Guests signed in:** Blair and Kriss Peterson, John Gerald, Tim Storey, Michelle Bonnette, Shannon Debord, Gabriel McEver, Terry Horner, Vaughn Roundy, Mike and Cassie Long, Kelley Bruns, Dave and Barb Wurfel, Randy and Denise Wichterman, Joe Richards, Rick Carrells and Stormy Pierce, Sue Downs, Deb Roberts, Brian and Apolonia Montoya, David and Tony Moore, Maryanne Coelln, Jerry Peters, Linda Tecklenberg, Donnie and Christa Perkinson, Athelstan and Jennifer Sanchez, Dan Lebsack, Jean Busch, Patty Thomas

Call to Order: 9:00 am

Proof Of Notice: posted on website since October 2023; reminders posted on website, Next

Door, SFTR Facebook, as well as in May 1 mailings sent to Owners

Roll Call and Determination of Quorum: Quorum achieved

Approval of April 6, 2024 POA Board Mtg Minutes: Approved without changes

#### **Special Owners Meeting:**

A collection of remaining CCR Proposal ballots brought to the meeting were received by Carol Smith; After no questions were raised, three volunteers for counting ballots (Tim Storey, Barb Wurfel, and Christa Perkinson) were selected and given instructions in the back room.

#### **Committee Reports:**

# 1) Communications (John Gerald, chair)

The new version of our SFTR Website will be in place within a couple weeks - target date by June 30. The same domain name will be used, it will be a smooth transition, updated, and more user friendly. Each owner will have an account set up and will receive an email with their website credentials.

The Committee is seeking more volunteers. Call John Gerald to learn more.

## 2) Government Document Review (Bill Nielsen, chair)

After the results from this morning ballot count, the new version of our Covenants will be posted on the SFTR Website by the end of June. The revision of the By-Laws is now underway, and the hope is to have that ready for voting by the Owners along with the ballots voting for the open POA Board of Directors, which takes place at the Owners October 5, 2024, Meeting. Those ballots will be sent out early September and a couple Owners Education Meetings will take place in September for Q and A concerning the by-law changes proposed. Watch the website for these notifications.

# Adopt-A-Road - (Bill Nielsen, head)

Bill explained about the Adopt-A-Road program for the ranch, in which Owners can sign up for certain road sections to volunteer to spray for noxious weeds such as thistle. Bill maintains the list of roads already adopted and the ones needing to be. If you are interested in learning more

and/or signing up, contact him at 360-977-8766. He also had some bottles of herbicide for usage on common roadside areas for those signed up.

# 3) Roads (Carlin Craig, chair)

All roads, with a couple exceptions, have been graded this year at least once. We have been having trouble getting road base and gravel from Leone's due to other projects Leone's is involved with, but have been assured we will have more next week. Culvert and Ditch work has been done on Old Mission, Mora Lane, Fisher's Peak, Westwood, Cottonwood, Timber Ridge, Fox Trail, Mtn. View, Tall Timber Trace, and a culvert replaced on Bobcat.

There has also been waterline repair cleanup on Tall Timber Trace, Elk Ridge, Juniper Ct. and Locust Ct. There is still significant money in the budget for Heath and Leone's for needed projects and upcoming needs.

Q&A - A question was raised about who cleans ditches. - Tom cleans them either when he sees it and does it then or comes back to it later.

Q&A - If you are putting in a driveway and wonder if you need a culvert, talk to the road committee for advice. It is, however, your own responsibility and cost.

#### 4) Covenants (Rick Kinder, chair)

Several complaints have been raised recently, mainly concerning loose dogs. There have also been questions raised about signage on properties. It was reminded that the covenants state what is and is not allowed on your property. See Covenant 5.8 for this info.

All are also reminded, with the summer and 4th of July upon us, that we do not allow any open fires nor fireworks on SFTR.

### 5) Forest Health and Wildfire Mitigation (Ken Dixon, chair)

Mitigation has been completed on several sections of the ranch, including from upper Cottonwood at 5 points to the far west end of Cottonwood, Oak Park from Little Bear to Elk Park, Sunset, as well as several blind curve areas around Old Mission and Yucca. Ken and others met with Fire Chief Buddy, who said he would like to see the Committee concentrate on blind curves.

Ken and Rick explained to those present about the right of way(ROW) the POA has on the roadways to be able to do mitigation clearing. The 60 total foot ROW width is 30 ft each direction from the <u>center</u> of the road. There are places this may be infringing over a property line, but it is still the POA Right of way to do work if it is needed if it is within that 30ft area from the road center.

Questions were raised about this clarification, and explained with verbal as well as drawings. If trees need to be taken out for mitigation in that ROW, the Owner will be given the first choice to keep the firewood. If anyone sees a tree in a right of way on the ranch, they must contact Ken Dixon (479-886-4407) to see if they may cut it down. If you have a tree which you fear may fall on a power line, check with the electric company, as they may be able to cut it for you.

A question was raised about some trees that had been pushed down during Ditch Rat work and have been flagged. These trees are known to the FHWM and will be taken care of.

#### 6) Finance (Mark Thomas, chair)

Attached are the current balance sheet and revenue and expense summaries to view. Many items have increased in price since 2023, and this is reflected in the budget notes. You are

encouraged to review the information concerning the budget and see how your dues are being wisely used for the good of the ranch.

#### 7) Common Area/Weed Control (Scott Tollefson, chair)

Scott explained the uses and differences of some of the weed control products. Currently we are using the "High Noon" herbicide. To date, the right of ways that have been sprayed are Cottonwood, Elk Park, Oak Park, Tall Oaks, Gallinas, and Fisher Peak. The budgeted monies for weed control have already been exceeded by \$400, but more spraying is desired for weeds as well as Locust spraying along roadsides and the common areas. The POA Board suggested to increase the weed control budget this year by another \$4,000 to \$6,500. This was voted on and agreed by the POA Board Members. Scott said he is trying to spot spray as much as he is able as he follows areas that have been mitigated. He thinks some areas may need a second spray later in the season.

For the Common area, it is another reminder to keep the dumpsters closed, and no trash left outside; dumpsters are for household trash only and boxes should be broken down; no construction materials. If a dumpster is broken or damaged, notify Scott so it can be repaired.

# 8) Emergency Preparedness (Bill Latham, chair)

Keeping in mind the upcoming fire season is a time to review the evacuation plan and your personal preparedness lists. Sign up for Code Red if you haven't already. Any smoke spotting or fire concerns, you are asked to not hesitate to call 911, and be vigilant in observing surroundings, especially after a lightning storm.

Joe Richards commented that the County has plans to change "Code Red" to "RAVE Alert" in the near future. Announcements will be made when this happens.

A concern was voiced about what has or is being done to clean out the ponds on Gallinas, for animals as well as possible use for firefighting. - there have been numerous attempts in the past years to have the ponds cleaned and in the past few years the estimates to have the work done is cost prohibitive. Joe R. mentioned the county has just been awarded a CWPP grant for the county and some of that money might be available to help in this effort.

#### 9) Grazing (Marty Pachelli, chair) - report by Carol Smith

There have been on the ranch since early May and will be here until early to mid August. There have been some concerns about cattle being on or near the RR tracks at times and some breaks in the fence. Each time the rancher has been notified of this, he has responded quickly to move the cattle uphill and away from the tracks. The rancher, Justin, as well as Donnie Peterson, Marty Pachelli, and Time Storey have mended some of the fences, but it is noted that the fences belong to the RR and it is their responsibility. Colorado is an Open Range state, and livestock are not required to be fenced. If a homeowner wants to keep cattle out they can fence off their own property. The rancher is only responsible to make restitution for his livestock that damages a "lawful" fence. This definition can be found under "Colorado Department of Agriculture/Open range and fencing". Reporting of issues with the cattle are found on the website under grazing committee.

Comments were expressed that they are glad the cattle are here.

#### **New Business:**

Carol Smith reminded all that the Women's Group is once again sponsoring the Annual SFTR Picnic. Mark your calendars for Saturday, June 29, 11am - 2 pm at the MOC. This is a potluck, and there will be logowear and raffle items for sale. See more details on the website. If you have, or know of an item for the raffle sale for the picnic, you are asked to notify Claudia Henning at 720-560-3586.

The Women's Group are also sponsoring a SFTR Flea Market on Saturday, July 13. See the website or call Lori Clark for more information (817-455-4599). We are possibly going to have an Electronics Recycling Truck here at the MOC that day as well. There will be hot dogs and popcorn for attendees as you stop and shop! A table will be available for donating items for sale with proceeds going to the WG if you do not want to have your own (free) table to sell things.

Forms for the upcoming POA Board Nominations for the October Annual Meeting will be posted on the website beginning July 19th, 8 am. Nominations will close August 2, 8 pm. More information will be on the website as time is closer to those dates. There will be 3 positions open. Consider if you would be willing to represent your community as a volunteer on the Board.

# Report of Ballot voting for CCR revision proposals:

Ballot Issue #1 Yes=104; No=66 (Section 3.5.1.9)
Ballot Issue #2 Yes=102; No=77 (Article 5 - 5.1)
Ballot Issue #3 Yes=104; No=69 (Article 5 - 5.8.6 to 5.8.6.3)
Ballot Issue #4 Yes=104; No=75 (Article 8 - 8.6.2.3.4)

The new version of the CCRs will be posted on the website by the end of June. Several questions and discussion arose concerning a few of the covenant changes, and were explained with reasoning by those of the Committee, who have worked long hours over the past 3 years in revision. They did appreciate positive input for future communication whenever our Ranch covenants may once again need to be revised.

Meeting Adjourned 10:15 am.

Next POA Board meeting will be August 3, 9:00 am at the Metro Operations Center.

2:02 PM 05/07/24 Accrual Basis
